EXECUTIVE COUNCIL MEETING

Oct. 12th, 1938

(555 No Wilcox)

Those present: Dr.Simmel Margrit Libbin
 Mrs.Deri Dr. O.Fenichel (guest)
 Dr.Brunswick Dr. Chas. Tidd (guest)

Study Group meeting: at the next meeting on Nov. 4th Dr. Simmel will present a brief introduction for the discussion of his paper held on Oct. 6th.

Seminars. A blanket fee of \$ 5.00 was agreed upon for the seminars of 1938-39. For Study Group members and Permanent Guests the seminars will be open free of charge.

Membership Committee. It was ~~discussed~~ suggested that a special committee be formed to pass on credentials of new analysts coming to the city and to work out a routine to pass on membership in the Study Group. This same committee should function in regard to non-analysts in the present membership of the Study Group (as in the case of Dr.Helen Hopkins and D.P.Wilson). The committee then should present its findings to the Council or at a Business meeting of the Study Group. ----After a general discussion it was decided that no such committee should be formed at the present time. Dr.Tidd was appointed to investigate attitude of D.P.Wilson and Dr.Hopkins in regard to their membership.

General. Lectures to medical groups should figure in the plans for the near future. ---- More closed meetings should be held to further technical discussions.

Adjournment.
