

November 1, 1940

Dear Dr. Tidd:

I am enclosing copy of a letter from Karl Menninger. What is your reaction to it? What do you think about the necessity to limit and to control associate membership?

I think Karl Menninger is right, and that something should be done in this direction. Perhaps we will have a few minutes on Saturday to talk things over, and then we can send Karl our opinions.

Sincerely yours,

Dr. Ernst Simmel.
