Dear Dr. Kurth:

It was a real pleasure to meet you and to talk with you.

I have thought over your suggestion that you be listed as "Editorial Assistant" in our book, and if you still want to do it, it is agreeable to me.

Enclosed is the list of contributors and their addresses, which I promised to send you.

Is there anything new from the "idealist?"

Best greetings,

Sincerely yours,

Dr. Ernst Simmel
