Dear Missis Libbin ,

I thank you <sup>very</sup> ~~so~~ much for your letter, the contract, and the troubles you certainly had with all this !

The colleagues Deri and Simmel I have already thanked directly , but I beg you to forward my thanks to all the other Colleagues whose I do not know, and who so most kindly have participated .

I was already to see the USA Consul, who approved the contract and let me expect the visa in short time . I hope to arrive in Los Angeles in June .

Yours very thankfully
