Dear Dr. Loewenberg:

It always gives me a feeling of great appreciation when you send me your articles. I think it is very kind of you to keep in touch with me. I enjoyed this article very much and there were a lot of things in it which had been new to me.

Mr. Bogner, a social worker, will get in touch with you very soon to ask you whether you would be willing to take over the chairmanship of one of the meetings of the State Social Welfare Conference, which will be held in Los Angeles in about two weeks. They had asked me whether I would be ready to do this job, but I had to decline since I do not know nor understand anything about the various social welfare organizations, their way of functioning, their aims, etc. I gave him your name and address, advising him to get in contact with you, since I feel that you understand and know better than anybody else.

I hope that you don't feel imposed upon. With my best wishes for you and your family.

Sincerely yours,

Hanna Fenichel, Ph.D.
