Dear Dr Guinard,

Thanks for your letter and
the copy of the letter to Menninger.

If Benfeld still refuses
to give a talk out-entitled as scientist
I would like to. I'd prefer it
to talking about him as teacher.
(as a matter of fact I'd probably say
the same thing) (Why does Benfeld
refuse?)

The prospects look brighter
about my getting leave.

Best wishes
Wm. Steiner

If [unclear] will refer

I am sure that [unclear] will
be [unclear] about [unclear] and
(the matter of fact is that [unclear]
the same thing) (but [unclear] [unclear]
reference?)

The project has [unclear]
but my [unclear] leave.

Best regards
