Dear Brunswick,

I did not answer your letter of June 29th immediately because I expected to see Eriksson yesterday and to discuss his prospective visits at LA with him personally. However, he did not show up. Probably he had to postpone his trip, and had forgotten that we were expecting him. Thus, I do not know any thing and you will have to correspond with both Eriksson and Benfeld. I agree that it would be much more advisable that the two do not come ~~to~~ at the same weekend. Since either of them has to come down twice anyhow, I hope that this condition will not make additional difficulties. Please, ask Benfeld for Oct 27th and suggest that he reads a paper of his own choice at the study group; only if he refuses we can schedule Simmel's paper this evening. ~~The same holds true~~ Eriksson Nov 10th, also +

a study-group-meeting would be O.K.

Tentative

In this way we have already a grand program for next year's study-group, namely:

- September: Aviation Psychiatry
- October: Benfeld
- November: Eriksson
- December: Epstein on "Creative Transitions"
- January: Simmel on "Antisemitism"
- February: Olive Hopkins (if it cannot be avoided)
- March: Teichel (on anything, - after he ~~has~~ will not have spoken for a whole year, he can be scheduled anyhow)

Little Hama's address is: c/o E.C. Davis, 39 Agnes Street, Oakland Cal.

Best regards and best wishes for a nice vacation!

Teichel
