Dear David:

A supplement to my note of January 24 about your letter to Hendrick.

In view of the fact that copies of Hendrick's letter to you went to all of the current Officers of the Association, to the Officers-Elect, and to the Officers of the Board (as well as Mr. McVeigh), I think it would be a good idea to have copies of your letter sent to these various people if you have not already done so.

Sincerely yours,

Maxwell Gitelson, M.D.
