Dear Doctor Simmel:

So far as I can ascertain, we have never had a report from the training analyst of Dr. Samuel J. Sperling regarding his progress in analysis, or even as to the exact date of his beginning analysis.

I understood, unofficially, Doctor Sperling had been attending certain seminars in Los Angeles. This was not approved by the training committee.

Would you be so kind as to take this question up with Doctor Fenichel, who is, I assume, Doctor Sperling's analyst?

Sincerely yours,

Karl A. Menninger, M.D., Secy.
