Dr. Charles Tidd
405 North Bedford Drive
Beverly Hills, California.

Dear Dr. Tidd:

We have had several requests for formal and official resignation of several of our members from various positions in the Los Angeles Institute for Psychoanalysis. I have a resignation duly signed by all of our members affected by this request to present to you as soon as our financial affairs are completely settled.

I have been instructed by our auditor to request from you a financial statement, or breakdown, of the original sum of \$4,347.76 given to us in July 1950. We will also require an itemized statement of the balance of the monies due us when we have your check for same. At that time I will be happy to give you the formal resignations requested.

Sincerely,

MAY E. ROMM, M. D.
