

In Research of in complete an. Countertransf
 In Institute, admitting intellect, academics
 made them blind to diff. + emot. problems
 of applicants — so + Countertransf. can
 interfere as well — (Stainbrook f.e.)

PS

In my own an. Wagner's f. about my
 pregnancy interfered — he saw me as lude
 sexual woman + pr. as attempt to
 interfere with an. — so he did not tell me
 to go on hormones etc. as I should have —
 He never an. my dreams and never
 examined my doubts about being an
 analyst as they would interfere +
 I am Institute + ~~add me to be~~
 get similar In an. — Maerchen her
 the Countertransf. was neg? she was
 lay therapist + J.M.D. + I was her first
 analytic case after becoming an training
 analyst — she did not try + analyze my
 evening fatigue — she did point out no ~~more~~
 X-Ray when pregnant while was good —

overprotectiveness — Sapperstein saw girl
 + showered her with love + affection —
 transferred to me + I dealt with acedged
 conflict + fa^{again} which she defended self by
 illness, backing away, falling,
 depression + inability to function

Sades + Shapiro — adult psych. work ^{see pressure to achieve change}
 in jobs adolescents as contrasted to
 child an. (give love + affection
 increasing guilt + acting out)
