

To meet need of young analysts to get training
in child an. I will offer a ~~monthly~~ bi-weekly
seminar at my home where case presentation
will take place at lunch time —
12-2 bring lunch —

Bureau Psi Rel J Am. Ps Ass April 72

Potential dangers about an. becoming
involved in pts neurosis

1. unawareness of own Reciprocal
Transference Reactions
2. ^{to} aware that pays no att. to
possible inapplicability of these
insights to pts current transference
developments

Rats

P5 Supervisory help intertwined with by
attitudes of Supervisor to prevent
analyst he supervises — may feel
contemptuous, or does not understand
why pr. an. not more aware of
pts Reaction to pregnancy — or may see
it as block to supervisory process

to hard to say what is in experience
+ what countertransference
use example = Phil Alexander
about his trip East
