- 5) "Applied Psychoanalysis - Criminology" Ruth Tolman
- 6) Psychoanalysis and Medicine Dr. E. Simmel
- 7) Symbolism speaker to be announced
- 8) Psychoanalysis and Art Dr. Max Deri
- 9) Dr. Zilborg topic ?

Dr. Bernfeld will be asked to give a series of lectures to either the Study Group or the Education Seminar.

Freud's new paper on "Die Endliche und Unendliche Analyse" will be discussed in the technical seminar and a resume will be presented at the literature seminar.

Seminar for Parents:

Suggestions have been made by Dr. Paul Roen and others that a seminar for parents be conducted this winter. Dr. Roen proposed that a faculty consisting of both analysts and pediatricians be formed for the purpose of lectures and discussions on problems of child training. Each specialist should present the problem from his own viewpoint.

Discussion summary: It was agreed that a seminar for parents be started in November. Definite topics will be prepared by various analysts. It seemed somewhat premature to invite pediatricians for the present to take an active part; but if any interest is shown they should be invited from time to time as guests. Dr. Roen asked that books be at the disposal of the participants; also that a fee be charged for the seminar.

Calendar: Oct. 1st Study Group
Oct. 8th at 6:30 Dr. Simmel's course of lectures begins
" 8th " 8.P.M. Education Seminar
" 29th " 8.P.M. Literature Seminar

Adjournment.
