December 11, 1935

Mrs. Margaret Libbin  
850 Fifth Avenue  
Los Angeles, California

Dear Mrs. Libbin:

I am enclosing the telegram from Dr. Lasswell for your archives. Mr. Libbin has his November letter and you could obtain it from him, as I neglected to do so at the last lecture. I do not have a copy of my first letter to him but it was written pursuant to our conversation in Chicago and his interest in the local analytical group, (due to his connection with Alexander) and that he had evidenced a desire to meet with the group should he come to Los Angeles. I wrote explaining that I was not an official but that if he would advise me as to his approximate sojourn, I would take it up with the group and let him know. He replied with the letter I handed to Dr. Libbin. Following the last analytical meeting, I again wrote. I do not have a carbon of this letter but have an approximate copy from my notes which I am herewith enclosing.

Sincerely yours,

*D. P. Wilson*
