October 19, 1944.

Dr. Ernst Simmel,
555 Wilcox Avenue,
Los Angeles, California.

Dear Dr. Simmel:

It little matters whether a wish comes before or after. All authorities agree that its efficacy is not influenced by time. Consequently, I am very appreciative of the good wishes sent to me through you, by the San Francisco Psychoanalytic Society.

It is too bad that distances prevent us from seeing each other more often, but I am always glad to hear from you; and thank you again for your kind wishes.

Very cordially,

A. A. Brill, M.D.
