

Ernst Memorial Meeting

June 8, 1946

Dr. James Strachey
41 Gordon Square
London, W.C. 1

Dear Dr. Strachey:

I was pleased to receive your letter, asking me to write an obituary note on Otto Fenichel for the International Journal of Psychoanalysis.

I should like to inform you that on March 8, 1946, the members of the San Francisco Psychoanalytic Society and the Psychoanalytic Study Group of Los Angeles held a joint Memorial Meeting for Otto Fenichel. At this meeting, I presented a memorial address.

The members thought this address should be published in one of the psychoanalytic journals.

I am enclosing a copy of this paper -- it may well be that you consider it too long for publication in the International Journal, and also of too personal a nature. However, I really would not like to have it changed.

Best personal regards,

Sincerely yours,

Dr. Ernst Simmel
