Dear Doctor Simmel:

We just had the following letter from Gordon W. Allport, addressed to me:

Dear Dr. Kurth:

The copy of Anti-Semitism: A Social Disease which you so kindly sent me has arrived. In print the excellent articles look even better. It is indeed a solid and praiseworthy contribution, and your Press deserves thanks for making it available. It is unusually pleasing in typography and total form. Please accept my gratitude and wishes for the high success that the book deserves.

Sincerely,

Gordon W. Allport

This, to me, was the best Christmas gift I got--- and I do hope that it will compensate you a little bit for the disappointment of the delay!

With renewed wishes and kindest regards,

Sincerely yours,

INTERNATIONAL UNIVERSITIES PRESS
