Dear David:

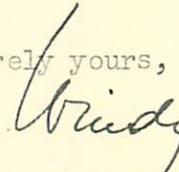

Thank you for your letter of January 24th and the enclosures.

I was very pleased by your forthright attitude. It would have been in order for Dr. Hendrick to communicate with you first before expressing his opinion on the matter. But of course, we all know how he feels about this and I am not surprised that he could not let go by such an opportunity to express his ideas.

It would be very important if you would send the same enclosures to Dr. Maxwell Gitelson, who I am sure would be interested to know about this.

With best personal regards.

Sincerely yours,

Emanuel Windholz, M.D.
