Dr. Helen Tausend
Langley Porter Clinic
Parnassus & First Avenue
San Francisco 22, California

Dear Dr. Tausend:

Since you are in San Francisco I would suggest that you discuss your training with Dr. Emanuel Windholz, who is the President of our Society.

Because my schedule is extremely crowded, I am a little pessimistic as to whether I can conduct your psychoanalysis, but I shall be very glad to talk with you about it.

Please telephone me when you are in Los Angeles.

Sincerely yours,

Dr. Ernst Simmel
