Dear Doctor Kandelin:

Please excuse my delay in replying to your letter of July 27, as I was in Greece at the time. We are glad to have the paper and are tentatively planning to print it in the November number of the Bulletin, so you will receive galley proof in a few weeks. At the same time you will have an opportunity to order reprints or extra copies of the issue.

We are very interested in a piece about Dr. Simmel and Tegel. The editorial board decide what is to be published, but it would be a pleasure for me to introduce it to the editors.

I may have told you that I was in Los Angeles in analysis at the time that many of the events you describe took place, so I have a special interest in the paper.

Sincerely yours,

(Mrs.) Jeanetta Lyle Menninger
Editor, BULLETIN OF THE MENNINGER CLINIC

P.S. I believe Dr. Simmel visited Topeka and I know the staff was very interested in his accounts of Tegel.
